

**MOLD INSPECTION AND RELEASE**  
**NORTH DAKOTA DIVISION OF COMMUNITY SERVICES**  
 SFN 59494 (04/10)

Mold can be a problem in any home where there is an excessive amount of moisture present. (Weatherization Agency) may not provide direct mitigation of existing mold problems. An assessment of your home included a visual check for mold.

The following areas have been checked for mold:

<input type="checkbox"/> Living/Bedroom Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Bathroom Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Laundry Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Combustion Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Crawlspace Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Attic Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Basement Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present
<input type="checkbox"/> Other Areas	<input type="checkbox"/> Mold is visibly present	<input type="checkbox"/> Mold is not visibly present

Location:

Moldy or musty odors are an indicator that there may be hidden mold growth.

Moldy or Musty Odors	<input type="checkbox"/> Are present	<input type="checkbox"/> Are not present
----------------------	--------------------------------------	------------------------------------------

The Department of Energy generally does not allow Weatherization agencies to mitigate mold problems, but some actions associated with a cost effective energy saving measure may be taken to reduce moisture problems. The following measures that will be taken by (Weatherization Agency) and this may help to mitigate existing moisture problems:

- ☐ \_\_\_\_\_
- ☐ \_\_\_\_\_
